You are the truth
The life and the way
You are the reason
That I stand here today

You are the rock
Upon which I stand
You are the future
Where I lay all my plans

And my life is in your hands

I searched my whole life to find
The truth that was there the whole time
My reverie is your mystery
I was so far from truth
Now I am found in you
My reverie is the mystery
Where you save me

You are my savior
Immaculate star
For all that you give me
And for all that you are

You are the rock
Upon which I stand
You are the future
Where I lay all my plans

And my life is in your hands

I searched my whole life to find
The truth that was there the whole time
My reverie is your mystery
I was so far from truth
Now I am found in you
My reverie is your mystery

Oh and I know just where I belong
Safe in your arms
Or lost in a song

Oh and it's your word that keeps me alive
It helps me to survive
Like a light in your eyes
Oh

I searched my whole life to find
The truth that was there the whole time
My reverie is your mystery
I was so far from truth
Now I am found in you
My reverie is the mystery
Where you save me
Yeah you saved me
