I know sometimes I lose my temper
I blow my cool, and I say all these things to hurt you
Tears fall from your eyes, like a rain from the sky
And it kills me inside, to see what I've put your through, yeah
But take the good with the bad, not everything goes to plan
What I'm trying to say isâ€¦

Chorus

Girl, I ain't perfect,
No one on this earth is
And I just being honest
And girl, that's gotta count for something
And yeah, I admit it
I'm a little rough 'round the edges
But I wouldn't change a thing
'Cause I am who I am
I am who I am

See, I've good intentions
And isn't that what matters
So forgive all the wrongs
It was in the heat of the moment
'Cause I've got your back
And nothing's gonna change that
No, whoa, no, yeah
But take the good with the bad
Not everything goes to plan
What I'm trying to say isâ€¦

Chorus

'Cause I am who I am
I am who I am

Girl, I'm standing here right before you
With a hand on my heart

Saying I didn't mean it
But don't, don't you forget
All of the good times since we've met
So the next time you doubt me
Just remember thatâ€¦

Chorus

'Cause I am who I am
I am who I am (repeat and fade)
