"Groan Man Don't Cry"

Grown man says, I don't have to walk no more, late
Tear out all his priviliges, grown man wouldn't know

It's all good it's alright, grass is solved, but it's
revolting
To watch you complaining at the lake

The smallest little violin stuck in your eye makes you
cry
riddles made you fake

Groan man, don't cry
Groan man, don't cry

When you're on your own, leave the past behind
When you walk along, relax unwind.

Justice says, I don't have to hold my head
