Nobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover
.In the daylight - in the daylight
When the sun is shining
.On a late night, on a late night
When the moon is blinding
In plain sight - Plain sight
Like stars in hiding
You and I burn on
Put 2 and 2 gether - 4ever
We'll never change
2 and 2 gether
We'll never change
Nobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover
My asylum - My asylum
Is in your arms
When the worlds gives heavy burdens
I can bare a thousand tons
On your shoulder - on your shoulder
I can reach an endless sky
Feels like paradise
Put 2 and 2 gether - 4ever
We'll never change
2 and 2 gether
We'll never change
Nobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover
We could build a universe right here
All the world could disappear

Wouldn't notice, wouldn't care

We could build a universe right here
The world could disappear
Yeah I just need you near
Nobody sees - Nobody knows
We are a secret - can't be exposed
That's how it is - That's how it goes
Far from the others
Close to each other
That's when we uncover
