A relief of pain and sorrow flew away
I never felt so hollow but nothing could make her stay

She comes
Here she comes
Here she comes so I bow down before

The queen, her majesty
She lives in a dreamworld
Got lost tonight, said goodbye,
disappeared into the night

She said
She said
I'll meet you again when the
morninglight push the darkness away

Heiress now gone
Stay well my empress
Your kingdom, your throne
A monarch of my eternal darkness

Slowly
So slowly
Gone!

So painful
She lives in a dreamworld
I'm lost tonight, lost tonight, lost

God killed the world
God killed the queen
What's left behind?
An empty throne and crown
God killed the world
God killed the queen
What's left behind?
