The wind whispers in my ear  
Storm is moving. Listen, hear  
Mother nature makes a path  
Feel the force and hear the wrath

Darkness  
Walk with me  
Into the energy  
Hear the storm is near

A silent land awaits the storm  
Energy in its purest form  
Darkness swallows all the light  
Behold the fury, feel the might

Storm is moving. Listen, hear

Rising  
Darkness  
Walk with me  
Into the energy  
Monotonous frequency  
Darkness  
Walk with me  
Into the energy  
Feel the storm is here
