Tell me the truth
Please don't lie
We will be alright
Let it rain
We need to rest
Let all this flow out
We need the time
We need this for tonight

Let it rain
Let it fall apart
Let it rain
Know we will survive
I'm sure that by the end of the night
Sun will rise up in the sky
Let it rain
Let it fall apart

For what we risked the bet we did
The special quest the lazy mornings

The music we play
The words we learn
The different places
That we took

We play the strings of my guitar
We play the keys and jump so high
We feel the passion we feel the hive
We sing the songs of our lives

Let it rain
Let it fall apart
Let it rain
Know we will survive
I'm sure that by the end of the night
Sun will rise up in the sky
Let it rain
Let it fall apart

Blow the mind, Burn the soul
Raise the voice, Feel the love

Drive faster, Jump higher
Make your dreams
Reality
Try harder, be louder
Never act
Be Always truth
Why to hide
Babe donâ€™t blur

Sun comes up
For good or bad
When you speak
Just do it right
Youâ€™ll never get that chance back
Astronaut, Aspirant
Never struggle
Always fight
Fly to the moon
And to the stars
Old skin new skin
Body is made to feel to live
