I`ve journeyed the long road;  
But this face of ours has hardly begun  
I`ve watched them all spoon fed just outside your  
walls;  
Their wear minds are brain washed while your life  
saves face  
And I... I`m falling in love with my disgrace;  
They`re game pieces played  
Conveniently.... your hatred and sorrows have  
garnished my life;  
Keep marching in circles `cause it suits you well  
Can you not see ideal life is a lie?  
No... you swallow in mouth fullâ€™s  
Ignoring the taste  
And I ... Iâ€™m falling in love with my disgrace;  
Youâ€™re game pieces played and conveniently  
placed
