With open arms by the sun kissed shore  
Can't you feel her love embrace  
The warm breeze, the morning tide  
The frothy splash across your face

She gives you wings so you can fly  
Fly across the rising sun  
Her magic spell makes u feel  
Life for u has just begun

Pre-chorus

She makes you smile right through your tears  
Holds your hand in the rain

Chorus

Mumbai " She's your guiding star  
She shines the light on you  
She makes you who you are

Like the rest on that one-way train  
You brought along just a bag of dreams  
You knocked the doors, you chased the sun  
Until she heard your silent screams

She put her wings around you child  
Took away your crown of thorns  
Nursed your wounds, washed you clean  
Saved you from the howling storm

Pre-chorus

She makes your pain disappear  
Sends you love with no restraint

Chorus

Mumbai " She's your guiding star  
She shines the light on you  
She makes you who you are

Mumbai â€” Running in your veins  
Gotta keep the faith  
Keep the faith in that name

Yeah yeah, Aah! Lemme hear you say â€” MUMBAI

Guitar Solo

Chorus

Mumbai â€” She's your guiding star  
She shines the light on you  
She makes you who you are

Mumbai â€” Running in your veins  
Gotta keep the faith  
Keep the faith in that name

What love, Mumbai
