Shawty like to pussy pop, so i told the bitch to walk it out. She say she on some kinky shit but i only eat at Waffle House. {You only eat at Waffle House}.

Yea that there or another house.

You can be my gudda bitch but shawty gotta gudda mouth.

Bend it over, touch your toes.

I'm pulling her hair she throw it back.

I dont fuck with lifestyles I only fuck with gold packs.

Fuck me on the first night i still had respect for you. Shawty woke up on the side of me and i was next to her. That's what i call a long night don't blame it on the alchool. This is not a one night stand because if you fire then Gotti about to call.

And I forgot your name so you shouldn't be ashamed though.

Ima call you throw that pussy back,
you call me hang low. (Chorus) I Just wanna fuck
(4x) Now can i get some head (4x).

Freak hoes bounce dat ass make your knees touch your elbows. Now can i get some head (4x).
