I close my eyes
But I cannot sleep
I'd lose my mind
If there was one to keep
I try so hard to breath in deep
When I think of you...

And when I think of what I said
Before I let you
Walk away
And I know I didn't mean it
Because what I meant to say

Is when I breath
I breath for you
When my heart beats
It beats for you
And when I fight
I fight for you
I do it all for you

and if I lived a thousand lives
And I loved a thousand loves
I would know a thousand times
That I loved you more

So here's to you
The one I love
And here's to all
One thousand loves
Here's to all
One thousand times
That I loved you more...

And if I had just one more chance
And if I had just one more moment
And if you would have called
Just one more time
This is what I meant to say...

That if I lived a thousand lives
And I loved a thousand loves

I would know a thousand times
That I loved you more

So here's to you
The one I love
And here's to all
One thousand loves
Here's to all
One thousand times
That I loved you more...

So here's to you
Here's to you
So here's to you
Here's to you...
(Repeats quietly)

...And if I lived a thousand lives
And I loved a thousand loves
I would know a thousand times
That I loved you more...
