"Shot In The Head"

Visit "[Shot In The Head](#)" on MotoLyrics.com

Will I be missed by this beautiful world?
Frozen in time
Too caught up on giving 'em hell
To know you're alive

And it's all right here
And it's all right now

Like being shot in the head
Shot in the head
Shot into heaven

Well I've been hit by a dizzy spell
I want to make it alright
You know you had it in you
Wrong place, wrong time

Without a hitch and when it goes
It's all you get to carry on
Because we can't go it alone
Go it alone
Nobody

Will I be missed by this beautiful world?
Frozen in time
Life too short to live in hell
F**ken open your eyes
