You better run as fast as you can
'Cause this passenger's not a happy man
Start running just as fast as you can

You say you need a friend, hey, well, so do I
But this passenger's just passing by
Passenger is just passing by

At your age and stage, you should understand
But you don't care, you got a master plan
Fuck, fuck, fuck 'em all and take what you can

A freezing cold stare and a flick in the eye
Passengers just passing by
Passengers just passing by
Passengers just passing by

To walk on water, you'd sink in the ice
To walk on water, you'd sink in the ice
To walk on water, you'd sink in the ice
To walk on water, you'd sink in the ice

You're holding everything inside
You're holding everything inside
You're holding everything inside
You're holding everything inside

Don't it feel good just to be alive?
Still holding everything inside

You don't know what you want
So you take what you can
Still don't make you a happy man
Start running just as fast as you can

A freezing cold stare and a flick in the eye
Passengers just passing by
Passengers just passing by

To walk on water, you'd sink in the ice
To walk on water, you'd sink in the ice
For all things gained, there's a sacrifice

To walk on water, you gotta sink in the ice

You're holding everything inside
You're holding everything inside
You're holding everything inside
You're holding everything inside

And don't it feel good just to be alive?
Don't it feel good just to be alive?
You're still holding everything inside

And you don't know what you want, do ya?
Know what you want, do ya?
Know what you want, what you want?

You're holding everything inside
You're holding everything inside
(You're still holding)
You're holding everything inside
You're holding everything inside
(You're still holding)

And don't it feel good just to be alive?
Don't it feel good just to be alive? Don't it feel good?
And you're still holding everything inside

Everything inside
Everything inside
