[Ang] Iâ€™m not the kinda girl thatâ€™s gonna tell  
you lies

[Adam] Youâ€™re just the kinda girl whoâ€™s gonna  
blow their minds

[Ang] They think they got me figured out from every  
side

[Adam] Letâ€™s strip away the candy coat and find  
out whatâ€™s inside

[Adam] Just canâ€™t leave it all to fate

[Adam] I just wanna dance

[Ang] Iâ€™m sick of tryinâ€™ a please

[Ang] I can see you understand

[Adam] I think weâ€™re makin a

[Ang] I think weâ€™re makin a

[Adam] I think weâ€™re makin a

[Together] Real connection

Chorus [Together]

Itâ€™s serendipity

You and me

The fates are smiling

Like a Hollywood dream

Iâ€™ll never change

Who Iâ€™m meant to be

Iâ€™m done with pleasinâ€™

The majority

Itâ€™s serendipity

serendipity

serendipity

serendipity

[Adam] Is this our fate or just some celestial sign

[Ang] Donâ€™t need no horoscope to tell me bout the  
times

[Adam] I think the stars above have started to align

[Ang] This good girl facade, it just ainâ€™t in my size

[Ang] It ainâ€™t a coincidence

[Ang] That I just wanna dance  
[Adam] I'm sick of tryin' a please  
[Adam] And I can see you understand

[Adam] I think we're makin a  
[Ang] I think we're makin a  
[Adam] I think we're makin a  
[Together] Real connection

Chorus [Repeat]

For a time  
I have felt  
Like I've lost  
Who I am

But today  
I will stand  
With your love  
And just be me!

Chorus [Repeat]
