We're related through a drunken speak  
I was faded couldn't find my feet  
As the lights came on there was nowhere else to go

You were too good for solay  
We were on the way so was the day  
As the cab pull up there was nowhere else to go

World's apart (I fell right into you)  
We didn't know and the sun was on its way  
I didn't know (So I said that you can stay)  
All these girls are not the same  
All these girls are not the same as you

So quick but we took it slow  
Had to face it that we didn't know  
You sing the words and I'll pay you what I got

You're a wonder  
I'm no patient  
You're just waiting  
While will there then it go

World's apart (I fell right into you)  
We didn't know and the sun was on its way  
I didn't know (So I said that you can stay)  
All these girls are not the same  
All these girls are not the same as you

On the town go  
On the phone slow  
I wanna stop with you  
I wanna say I'm sorry

All these girls are not the same as you  
(Are not the same as you)  
All these girls are not the same as you  
(Are not the same as you)  
All these girls are not the same  
(Are not the same)

World's apart (I fell right into you)  
We didn't know and the sun was on its way  
I didn't know (So I said that you can stay)  
All these girls are not the same  
All these girls are not the same as you  
All these girls are not the same  
All these girls are not the same as you
