A heart drops it's emotion
Towards, "it's not how it's supposed to be"
And it all moves into one

Slow burn the devotion
We took turns, the stars fell over
And it all moves into one

The outcome is pseudo bliss
Turn hours sung, I went in tears
And it all rolled into one

Mind lit up
The second for
Centred on you
My concience all lit up
This second for
Centred on you

She went, "all we are"
She went, "all we are"
She went, "all we are"
She went, "all we are"

A heart drops it's emotion (She went, "all we are")
Towards, it's not how it's supposed to be (She went, "all
we are")
And it all moves into one

Mind lit up
The second for
Centred on you
My concience all lit up
This second for
Centred on you

Mind lits up for
The second for
Centred on you
My concience all lit up
This second for

Centred on you
These moments uh
The second for
Centred on you
