We don't speak the same words
I'm lost, lost in the pages of
A cold read of this verse
It's something we don't know the meaning of

Let it go, go do what they want
I know, oh she's not in love
Start low, low and feel it come
Oh yeah, we know what we want

And it is, what is was
Until you let it go
And it was, what it is
Yeah, you gotta let it go

Almost too much to be enough
I'll make it out somehow
I know you're watching
Oh, don't you miss it
When it was now

Drum beat in your heart
You can't speak, can't even start to explain
Oh yeah, we played the wrong game

Let it go, go do what they want
I know, oh she's not in love
Start low, low and feel it come
Oh yeah, we know what we want

And it is, what is was
Until you let it go
And it was, what it is
Yeah, you gotta let it go

Almost too much to be enough
I'll make it out somehow
I know you're watching
Oh, don't you miss it
When it was now

Almost too much to be enough

Iâ€™ll make it out somehow
I know youâ€™re watching
Oh, donâ€™t you miss it
When it was now

Snow capped heart donâ€™t melt
No, donâ€™t be fooled by what we say
See, like they know, but they donâ€™t

Snow capped heart donâ€™t melt
No, donâ€™t be fooled by what we say
See, like they know, but they donâ€™t

Almost too much to be enough
Iâ€™ll make it out somehow
I know youâ€™re watching
Oh, donâ€™t you miss it
When it was now

Almost too much to be enough
Iâ€™ll make it out somehow
I know youâ€™re watching
Oh, donâ€™t you miss it
When it was now
