VERSE

Bitch I run the Heights, where the fuck you been at?
And if this was a race, you motherfuckers would have
been lapped
And everything you dream about, shit I done did that
Your girl snatched the cum from my tip boy, kidnapped
Higher ___ they wonder what I been on
These dime bags under my eyes, nigga' I've been
gone
And you'd thought I'd been known
Shit pino grigio we be gettin' our sip on
Lifes throwing curves at me. treat her like I'm Robinson
I'm set to shine I just needed a little polishin'
Point me to your favorite artist, bet I demolish him
And fuck that twitter, send one of my nigga's to follow
him
And when I'm mad girl it look like I'm modellin'
Swag by the leader, got these bum nigga's bottlin'
I fuck bitches that hustle and hang with model friends
My pad be lookin' like bands weak? I bring the models
in

CHORUS

I.D.G.A.F

up, live it up, live it up yeahhhhh

until a nigga reach success, reach success.

VERSE

I don't give a fuck, no not the smallest amount
when you on your ___? L shit, it get harder to count.
we build them pyramids from the bottle found laying

and smoking clips the next morning we found on the

I.D.G.A.F
until a nigga reach success, reach success.
