She say she love me , she wanna be with me all the
time
And your girl keep telling me, we're meant to be,
begging me to put it in her life
'Coz I know how to handle that, there ain't no denying
that, stop all of your crying if you want me to I'll handle
that,
You must be her body guard 'coz I see you trying hard
Now she finally found me, nothing you can do about
that...

(Chorus)

You da one that sent your girl my way-ay-ay
Bustin' all your shit so I took your girl away-ay-ay
Now she my bad girl I make her misbeha-a-ave
Used to be your girl, now your girl is mine
You da one that sent your girl my way-ay-ay
Bustin' all your shit so I took your girl away-ay-ay
Now she my bad girl I make her misbeha-a-ave
Used to be your girl but she's mine, mine
