The colors of the leaves in the fall  
The flowers of the fields, slowly blossom sweet  
perfume  
Hear the sun calling you with it's first ray of light  
Reflection of the moon in the sea, a star falls  
Can you feel those miracles?  
The beauty of the sky after rain  
The smell of the lilies your grandma used to grow

We see, but we don't see  
We feel, but we don't really feel  
That life is happening now  
Is happening now...

Pray!  
Be, laugh, play!  
Live, feel part of this home!  
Free!  
Let your heart  
Breathe!  
This is your family  
I Am Because You Are

Listen to the sound of the wind  
Stillness is the answer  
Search for it deep within  
Be faithfully present, each moment is for you  
My story is yours, you and I are one  
Ubuntu...  
Learn to take control of your mind  
Life gets simple when you go with the flow

We sleep, but we don't dream  
We see, but we don't really see  
That life is happening now  
Is happening now...

Pray!  
Be, laugh, play!  
Live, feel part of this home,  
It's where we all come from.  
Let your heart speak

Free!  
Ooh...

You And I Are One  
You And I Are One  
I Am Because You Are...
