Layin'™ down there on the floor " Libitron
We're not frightened anymore " Libitron
The second we lose control
Never take it back!

Invite me with colours and shapes,
Enslave me with fragrance,
Libitron!

It's just the beginning " Libitron
But I won't fall in love again!
The sweetness you're giving
Gonna take it back!

Invite me with colours and shapes,
Enslave me with fragrance,
Libitron!

Getting ready " Our fluids in and out
Going crazy's what tonight is all about
No sound, no light,
Just sweat and breath
Deep and loud!
I'm scared and hurt
And deaf and blind
And desperate " Save me
Or kill me now!

Invite me with colours and shapes,
Enslave me with fragrance,
Start running but it's already here!
Don't love me
Just turn me on !
