"BORN TO DIE"

I was told you feel no pain
You have no soul - you have no brain
You cannot weep when you're maimed
You cannot speak - are you to blame
I was told you feel no pain
You have no soul - you have no brain
We hunt you down - your fate is sealed
We do not care what pain you feel
Born to die - one cold day
Born to die - you're born is prey
The pain we cause without shame
The countless lives we take in vain
We have no soul - we have no brain
Hunted , tortured , slaved and slaughtered
Victims of cruelty
Castrated frames ruped in chains
Don't look away
It's reality
Electric shocks for cats and dogs
You're watching pure brutality
If I were you and you were me

I suffer animal reality
