"Walk On"

I know you wanna save my soul
You put a cover over me
I know you wanna hold my soul
The lord of hell is calling me
To pay for immortality

I walk on
I walk on
The burning road he came from
I walk on
I walk on
The burning road he came from
Cause the sacrifice you made of me
Couldn't change the course of destiny
You cry

I know you can't save my soul

A thousand roaches are tearing me
I know you can't hold my soul
The lord of hell is calling me
I feel your sad eyes over me

I walk on
I walk on
The burning road he came from
I walk on
I walk on
The burning road he came from
Cause the sacrifice you made of me
Couldn't change the course of destiny
You cry
