Tonight's the kind of night where anything goes
What's gonna happen here nobody knows
There was a time I'd have been frightened out of my
mind
But it's alright, alright, alright
I'm feelin' brave tonight

Just like an arrow, pulled back in a bow
This is my moment and I'm dying to go
There's no turning back when I'll finally take flight
And it's alright, alright, alright
I'm feelin' brave tonight

If I said playing it safe was ever enough
Then I was a liar
Cause at the end of the day
Don't we all want a love
That sets the whole world on fire?
Call me crazy, you're probably right
But I'm feelin' brave tonight

I got this feeling when I woke up today
I won't let nothin' or no one stand in my way
A revelation I can't deny
But it's alright, alright
I'm feeling brave

If I said playing it safe was ever enough
Then I was a liar
Cause at the end of the day
Don't we all want a love
That sets the whole world on fire?
Call me crazy, you're probably right
But I'm feelin' brave tonight

If I said playing it safe was ever enough
Then I was a liar
Cause at the end of the day
Don't we all want a love
That sets the whole world on fire?
Call me crazy, you're probably right

That's the thing about maybe
It means that I might
And I'm feelin' brave tonight
