I'm all out of marijuana  
And I don't want a beer  
The feeling that I'm looking for  
Is one that I hold dear

When I'm out of marijuana  
I don't know what to do  
When I'm out of marijuana baby  
I just sit and think 'bout you

I don't want a margarita  
I don't want my old friend Jack

I don't want to shoot no heroin  
I don't want to smoke no crack

I just want marijuana  
Roll a great big doobie  
And I'll smoke marijuana  
Till I forget about you and me

I just want marijuana  
Roll a great big doobie  
And I'll smoke marijuana  
Till I forget about you
