Don't know what's the hurry
Don't know what's the rush about it
Don't want you to worry
Don't want you to fret about it

Tell everybody I am
Tell everybody I am
Tell everybody I am
Tell everybody I am

Leaving on the next plane
Leaving on the next plane
Leaving on the next plane
Leaving on the next plane

Don't know where I'm going
But I'm going just the same
Somewhere it ain't snowing
And there's no one else to blame

Cold heart just won't let me be
Cold lies take a toll on me
Tonight we will both be free
Two souls lost in memory

Leaving on the next plane
Leaving on the next plane

Leaving, I'm leaving
Leaving, oh oh

Don't worry Baby
