Wonder why you're holding out
You're starting to make me doubt
Are you loving someone else?
Just not like it used to be
Feel like you're so far from me
Then I start to doubt myself

I've been waiting so long, feel like you're doing me
wrong
Make it better for me tonight
Boy you take me by the hand
Like you want to be my man
Make it better for me tonight
Do it for me, when I tell you do it for me
Do it for me, when I tell you do it for me
When I tell you-

I can feel the sun shining

When I wake in the morning
Thought you would be by my side
Doing me up with a kiss
Said you are the one I miss
Giving me a real good time

I've been waiting so long, feel like you're doing me
wrong
Make it better for me tonight
Boy you take me by the hand
Like you want to be my man
Make it better for me tonight
Do it for me, when I tell you do it for me
Do it for me, when I tell you do it for me
When I tell you-
Ohhhh
When I tell you-
Ohhhh
