You seem to walk away so effortlessly.
I'm giving everything I've ever had to you.
It's time to set this record straight.
You've given up on everything.
It's clear to see I meant nothing to you.

Now that I'm gone (Now that we're done)
I'll write the story's end line.

I'll give it away.
Let's give it away.(Lets just give everything away!)
For you to have your happy ending
I'll walk away. (Walk away!)
I'll give it away.
Let's give it away.
All of those promises you made to me are fading away.

I'll hold my breath and I'll hope it's for the best.
Moving on when all I've ever known is you.
It's time to set this record straight.
I thought this was going to be the last time this has
gone too far.

Now that I'm gone (Now that we're done)
I'll write the story's end line.
Now that I'm gone (Now that we're done)
I'll write the story's end line.
I'll give it away.
Let's give it away.(Lets just give everything away!)
For you to have your happy ending
I'll walk away. (Walk away!)
I'll give it away.
Let's give it away.
All of those promises you made to me are fading away.

I'll fucking burn this place, with every move I make.
I'll fucking burn this place, with every word I say.

I'll fucking burn this place!
With every move I make!
I'll fucking burn this place!
With every word!

I say!

I'll give it away.

Let's give it away.(Lets just give everything away!)

For you to have your happy ending

I'll walk away. (Walk away!)

I'll give it away.

Let's give it away.

All of those promises you made to me are fading away.
