Regret, so long.
Overlook my best intentions,
And now I'm taking it back.
I'm taking back my life.

If you could only see the way that she smiles at me,
You'd see there's nothing to gain,
I'm not to blame.
So count your blessings girl cause we will never be the
same,
You know we're not alone,
You know I'm coming home to write you out girl,
To see you off and let you go,
And let you go...

And make sure the world knows where you're coming
from,
All the lies you told are now coming back to you.
And make sure the world knows where you're coming
from,
All the lies you told are now coming back to you.

If I had one last chance I'd prove it once and for all
(They're coming back to you)
If I had one last chance I'd prove it once and for all
(They're coming back to you)
Honestly, now that I'm free, (I better get this)
I will not be here waiting. (I better get this)
Honestly, now that I'm free, (We better get this)
I will not be here waiting. (We better get this all)

If you could only see the way that she smiles at me,
You'd see there's nothing to gain,
I'm not to blame.
So count your blessings girl cause we will never be the
same,
You know we're not alone,
You know I'm coming home to write you out girl,
To see you off and let you go,
And let you go...

This was your last chance,

It's over, we're over.
All the times I tried,
It's over.
And now, I'm screaming goodbye,
Goodbye.
