So you say that youâ€™™ re on your own
Well my mind works overtime when Iâ€™™ m alone
So you say that thereâ€™™ s no-one else
I like myself better when Iâ€™™ m by myself
No-one else

I keep forgetting
I promised everything to you

So you think that Iâ€™™ m all demands
Iâ€™™ ve still got blood on my hands, I understand
So you think that weâ€™™ re almost there
Iâ€™™ m somebody who is supposed to care
When youâ€™™ re not there

I keep forgetting
I promised everything to you

No more thinking, dreaming, drinking
One day at a time
No excuses, homemade nooses
One day at a time
Maybe tomorrow Iâ€™™ ll look in the mirror
Maybe Iâ€™™ ll see the face I remember looking back at
me

So you feel that I need to grow
I was told Iâ€™™ m supposed to go if I donâ€™™ t know
So you feel that itâ€™™ s black and white
You donâ€™™ t know whatâ€™™ s wrong or right
Say goodnight

I keep forgetting
I promised everything to you
