Listen girl what I'm telling you
Some things you just can't do
There are some names you just can't say
Never, never, never say Trevor again
Never, never say Trevor again
Never, never say Trevor again

Listen girl and you'll agree
There are guys you just can't see
Especially instead of me
Never, never, never see Trevor again
Never, never see Trevor again
Never, never see Trevor again

Trevor what you're trying to do
He'll always take his love from you
Trevor don't you fill her with your lies
Trevor what you're trying to say
He'll always pull his love away
Trevor don't you tempt her with those eyes

Never, never, never say Trevor again
Never, never say Trevor again
Never, never say Trevor again

Trevor what you trying to be
There's so much that she will not see
Trevor stop that putting on the style
Trevor what you trying to show
There's so much about him you don't know
Trevor don't you win her with that smile

Trevor found true love one day
You might say it's a cliché
But oh she went and threw his heart away

Trevor, Trevor, Trevor said never again
Trevor, Trevor said never again
Trevor, Trevor said never again
Never, never, never say never again
Never, never say never again
Never, never say never again

Never, never, never say Trevor again
Never, never say Trevor again
Never, never say Trevor again
