Living and dying
Theres people always crying
But I am never into that
Cuz I am always flying
I'm that bad boy
In a bad way
I do bad thangs
In a fun way
And I'm done mayne
But I bump brains
And you want thangs
So I give thangs
But I take thangs
And I break thangs
I told you once you know this
That I will switch your focus
Like Boston George ill blow this x2
Don't make me fuckin blow this
Buhh blow this

I can do what you can't
Yet I can't do what you can
I can't do what you do
Cuz you can't do what I do
See I'm using what I have just to get up off of my ass
And If you say I can't
Then Ill show you that I can

I'm that bad kid
With that bad bitch
I like bad thing
In them bad ways
And I bangarang
In a skrillex way
And switch a thang up in your brain
Bad boys
And bad girls
Welcome to this bad world
It's a big swirl magnet twirl
Big swirl magnet twirl x4
Net- twirl x2
Magnet twirl x2

That big swirl magnet twirrrrrrrl

See I wonder what I found
Where I spin up on this ground
I'm the party from the you
Just To find the deeper me
We're all driven by the wonder
Call it curiosity
And it seems to basis
Can't leave the chases
Just seize the basis
And run some races
I'm the fresh prince
And them bump blows
And I'm red hot
But I'm ice cold
Ill wet race your dry lane
You output your intake
Its your life
Don't eat great
Just fast fast like go-go
An ill capture like go - flowwww

We all should see how
See how X2
To live out
We work wild
Work wild x2
See I am that wild child
Wild child x2
And I love that wild style
Wild style x2

Come on get wild now.
