Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Hasn't all been easy
But shure that's the way it is
And we've beaten oftimes
Our hope was sinking low
It takes time to make it
It's hard to take a look-at-this
But at least we took the challenge
Together we will go
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
They said that we are dreamers
We're different from other folk
If we're up on top tomorrow
You won't hear it anymore
And the promises of those
Who'll tell you that it was a joke
Promises lie stranded
Like shipwrecks on the shore
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
In my memory
I always will see
How the years
And dreams have gone by
You've always been such
A good friend to me
And nothing will tear us appart
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first

We are the number one in the world
We stand together
We'll finish what we have begun
Dreams of better fortune
Without no buck no dime
Narrow streets of destiny
Where everyone is on the run
We'll hit this road together
Until the end of time
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
Here we go / we are the best
Together we stand / in east or in west
Here we go / we are the first
We are the number one in the world
