I have this ache in my chest for the first time
But I won't complain bout' a thing for this one time
Kill me
Kill me hard

She straps a bomb to her head and I know that,
She wants me dead and I can't really blame her
Tease me
Tease me hard
You're no one to me
You are all that I need now

And I hate this town, it's a mess full of rats
And it soaks in tears and deceit
Hate me
Hate me hard

And I must confess that I feel more than I display to
you,
But you don't really notice
Love me,
Hold me
You're no one to me
You're the one that I need tonight
