I put my coat on inside out  
So you won't see me while I hide  
From all those things that lurks outside,  
The pouring rain inside my mind

I wish you'd stay here by my side  
Although this pounding pain I've been assigned  
For these four years I've spent behind,  
This inner beast I have designed

The only thing that turned me blind,  
The only one I was denied

And by the time we reached Moscow  
My love for this had disinclined,  
With all those things that slipped my mind  
You oughta know when you've gone blind

I want you here right by my side  
To cease this pounding pain I've been assigned  
For these six years I've spent behind,  
The faces I won't recognize

The only one that turned me blind  
The only one I was declined
