Heart, heart

Love ,Love

Heart, heart

Love

V1: Once was a little girl lost in it
Nothing could tear me away from it
They ,they call me crazy,maybe, maybe
I a bit crazy
in love love love love love love love
I felt it pulling out the best of me
It lead me straight into my destiny
They call me dreamer,
Cause
(pause)
I'm a big dreamer like
yeah yeah yeah
oh

CHOURS: Us heartbroken girls are afraid of love
The same little girls that are made of love
Now
There goes Cupid
hes at it again
Aiming straight for the heart
Yeah straight for the heart
Ah ah ah ah oh
Straight for the heart
Ah ah ah oh oh oh oh oh

V2: Now, now everyone wants to find someone
Like in the storybooks
that someone
Who could?
(Pause)
Take ,take ya higher than the moon and stars singing
Yeah yeah Yeah
yeah yeah yeah
I felt it pulling out the best of me (best of me)

It lead me straight into my destiny (destiny)
They call me dreamer,
Cause
I'm big a dreamer like
yeah yeah yeah
oh

CHOURS: Us heartbroken girls are afraid of love
The same little girls that are made of love
Now
There goes Cupid
heâ€™s at it again
Aiming straight for the heart
Yeah straight for the heart
Ah ah ah ah oh
Straight for the heart
Ah ah ah oh oh oh oh oh

CHOURS: Us heartbroken girls are afraid of love
The same little girls that are made of love
Now
There goes Cupid
hes at it again
Aiming straight for the heart
Yeah straight for the heart
(straight for the heart)
Ah ah ah ah oh
Straight for the heart

Bridge:
Another story ends like this
Find prince charming canâ€™t resist
These pages of love
Are written in our hearts
In our hearts

CHOURS: Us heartbroken girls are afraid of love
The same little girls that are made of love
Now
There goes Cupid
heâ€™s at it again
Aiming straight for the heart
Yeah straight for the heart

Us heartbroken girls are afraid of love
(girls, girls, girls,)
The same little girls that are made of love
(the same little girls,girls,girls,)
Now
There goes Cupid
hes at it again

Aiming straight for the heart
Yeah straight for the heart
Ah ah ah ah oh
Straight for the heart
