Two nights ago, she got that look in her eyes  
Kaleidoscope, but that's only half the time  
Three days before  
she told me that I don't even try  
She's crazy though,  
I guess there's something wrong inside  
Maybe you're right,  
maybe this is all that I can be  
But what if it's you,  
and it wasn't me?  
What... .... do you want from me?  
What... .... do you want from me?  
Four weeks ahead,  
I thought that I should change some more  
I'm f\*cked in the head,  
and my mind is turning into a whore  
Five months go by,  
and I thought about letting her go  
She's crazy though,  
and I guess she took control

Oh no, oh no, oh no, oh no no  
Maybe you're right,  
maybe this is all that I can be  
But what if it's you,  
and it wasn't me?  
What... .... do you want from me?  
What... .... do you want from me?  
Maybe she's right, maybe I'm wrong  
Maybe we'll fight to move us along  
I can't deny writing this song  
Hoping she'll find she's not alone...  
(Instrumental break)  
Maybe you're right,  
maybe this is all that I can be  
But what if it's you,  
and it wasn't me? oh..  
What do you want from me?  
What do you want, what do you want from me?  
What do you want from me?  
What do you want, what do you want from me?
