I can feel you breathing
With your hair on my skin
As we lie in the deep of our bed

I pull the sheets
And it's cold on your feet
Just fall back to sleep in the night

Grow old with me
Let us share what we see
Oh the best it could be
You and I

Our hands they might age
And our bodies will change
But the rest will remain ours

We'll still sing our song
When our hair ain't so blonde
We'll prove them wrong
You and I

Grow old with me
Let us share what we see
Oh the best it could be
You and I (ooohhh)

The hairs they stand up
My feet start to thump
And the feeling of dreaming will rise

You'll be the one
Who makes me hard makes me strong
Make me feel like I'm feeling alive

Yeah, grow old with me
Let us share what we see

Oh the best it could be
You and I.
