Never wanted to be that guy
Got me all caught up in a million lies
How was I supposed to know
I should've told you way back then
I guess I never thought I'd see you again
You made me crash and burn

The sky is above me
I'm high as a bird
If you never loved me
Then why use the word
You know I...
You've done this before
I won't let you fool me

Gotta let this go and fade away
Yeah I guess you made the biggest mistake
When you let me go you made the biggest mistake

...

Sorry I didn't do what you were looking for
How good, I've been so blind
But it was nothing other than too easy to say
Things weren't working out and it's better this way
Guess you were never mine

The sky is above me
I'm high as a bird
If you never loved me
Then why use the word
You know I...
You've done this before
I won't let you fool me

Gotta let this go and fade away
Yeah I guess you made the biggest mistake
When you let me go you made the biggest mistake
When you let me go you made the biggest mistake

The sky is above me
I'm high as a bird
If you never loved me

Then why use the word

Ooooooh

Gotta let this go and fade away
Yeah I guess you made the biggest mistake

The biggest mistake
The biggest mistake

Gotta let this go and fade away
The biggest mistake

Yeah I guess you made the biggest mistake
