The signal is breaking up,  
I can only just hear you,  
Figured you'd made up your mind.

I think you said, said something like,  
It's all about company.  
Why can't we let go?

Please don't let me say,  
Say anything I don't mean.  
Really been holding this together.

Please don't let me stay,  
Stay here forever.  
And I really should be moving on.

I called you up,  
You were telling me how really,  
The way you say it's got to be,  
There's nothing like a change of mind.

I think you said,  
Said something like,  
It's all about company we keep,  
So why can't we let go?

Please don't let me say,  
Say anything I don't mean.  
Really been holding this together.

Please don't let me stay,  
Stay here forever.  
And I really should be moving on.

Somewhere up above the sun,  
Somewhere up near heaven,  
You will take comfort in, in company.

Please don't let me say,  
Say anything I don't mean.  
Really been holding this together.

Please don't let me stay,  
Stay here forever.  
And I really should be moving on.
