Girl i got one question
are you still awake
awake enough for me to see you, see you
Please just listen
yes i know it's late
but better late than never

I know it's five in the morning, morning
i'm sure who i'm calling, callin'
you haven't heard from me in some time
Girl i hope you want it, want it
when you hear me talking, talking
you know i've been out and is it okay i come by

when i'm drunk in the morning
and i'm calling you
you might be lonely, lonely
when i'm drunk in the morning
i'm calling you
you might be lonely, lonely

and i might be
and sofie i kissed baby
Sofie i had in my hand, but i'm calling you
but not before it's passed two o'clock
cause i'm ballin' with my boys, my boys, my boys

I know it's five in the morning, morning
i'm sure who i'm calling, callin'
you haven't heard from me in some time
Girl i hope you want it, want it
when you hear me talking, talking
you know i've been out and is it okay i stop by

when i'm drunk in the morning
and i'm calling you
you might be lonely, callin' you
when i'm drunk in the morning
i'm calling you
you might be lonely, lonely
