When the dark clouds come your way.
When your demons can't be tamed
When your last straws bout to break
When you feel your heart can't take anymore
When your second chance is gone
When you're barely hanging on
When you're tired of being strong
And you don't know where to run anymore

I wanna take away the hurt
But i just don't have the words
Let me hold you
Let me hold you tight
Let me hold you
Just let me hold you tonight

When a shadow's always there
When you can't come up for air
When tomorrow seems to lead nowhere
And there's no answer to your prayer anymore

I wanna take away the hurt
But I just don't have the words
Let me hold you
Let me hold you tight
Let me hold you
Just let me hold you tonight

Oooh ooh ooh oh oh
Woah woah woah
Let me hold you
Let me hold you
Let me hold you tight
Let me hold you

It's all that I can do tonight
