She knows how to make me happy, how to make me
laugh
She knows that she's my future
She knows about my past
She knows when im weak
Ill never ask for help
She knows what I believe in, even though I doubt
myself
And then she asks, I always tell the truth
Except when it comes to you
Even though I fight it

Sometimes, I still wake up
Forget im living my life without you
But she's here, and I love her
So why am I still thinking bout you
Maybe moving on aint the same as letting go
But that's One Thing She'll Never Know

She knows im far from perfect
She knows im proud
She knows when something's wrong
Even if she dont say it out loud
Knows that im faithful
Knows I dont lie
But you wanna keep a good woman
Something's you gotta hide
And then she asks, I always tell the truth
Except when it comes to you
Even though I fight it

Sometimes, I still wake up
Forget im living my life without you
But she's here, and I love her
So why am I still thinking bout you
Maybe moving on aint the same as letting go
But that's One Thing She'll Never Know

I dont wanna cause a pain you dont deserve
So I wont speak tonight, if it's gonna take me away
from her
Oh what she dont know, dont hurt her

But she dont know, what hurt her
That I dont wanna hurt her
Even though I fight

Sometimes, I still wake up
Forget im living my life without you
But she's here, and I love her
So why am I still thinking bout you
Maybe moving on aint the same as letting go
But that's One Thing She'll Never Know

Sometimes, I still wake up
Forget im living my life without you
But she's here, and I love her
So why am I still thinking bout you
Maybe moving on aint the same as letting go
But that's One Thing She'll Never Know
Never know...
