Take me back to the place
Sittin' there with that look on your face
And your love that you just wrote
A love song on a pink note

It's the little things that make me
Drive until the car breaks down
To make you come and save me
So we can be together right now

Can you raise me from across the globe?
Can you pick me up and take me home?
Cuz I'll never feel like I'm alone
When we're dancing to the same song

And when we're standing in the dark
I know somewhere we got that spark
I'll never feel like I'm alone
When we're dancing to the same song

Woh oh woh
Da da da dancing to the same song
Woh oh woh
Da da da dancing to the same song

Dancing to the same song
Dancing to the same song
