Over the ocean  
Thought I heard voices  
Reflected voices  
Satellite message

Isn't it something?  
The realizing  
Silver dots marking  
Endless horizon

Over the ocean  
We'll have a vodka  
Your card is left open  
So nothing can stop ya

(So far, so good, so far, so good...)

I am not worried  
Some have a fear  
The captain has comfort  
His voice in my ear  
What are we doing?  
When we are standing?  
Your life may be bumpy  
More so than the landing

(So far, so good, so far, so good...)

Over the ocean  
Over the ocean  
Over the ocean  
Over the ocean
