This is your billion dollar lotto ticket
This is your lucky break don't wanna miss it
This is your super super sweet sixteen
This is your brand new whip just got the keys
This is your Friday night you just got paid
This is your wedding anniversary
This is for you and all your crazy friends
This is your party and no it never ends

It's going down, right here, right now
Now it's going down, right here

Tonight we're gonna light up the sky
Tonight we're gonna light up the sky
So put your, put your hands up high
Tonight we're gonna light up the sky
Light up the sky

We're gonna
Light it up
Light it up
Light it up
We're gonna
Light it up
Light it up
Tonight we're gonna light up the sky

We're gonna
Light it up
Light it up
Light it up
We're gonna
Light it up
Light it up
Tonight we're gonna light up the sky

This is the first official day of summer
This is your finally got that hot chick's number
This is your turning 15 quinceanera
This is your mani pedi did your hair up

This is your seven figure record deal

This is your cheeseburger happy meal
This is your high school graduation
So turn up that Kool and The Gang celebration

It's going down, right here, right now
Now it's going down, right here

Tonight we're gonna light up the sky
Tonight we're gonna light up the sky
So put your, put your hands up high
Tonight we're gonna light up the sky
Light up the sky

We're gonna
Light it up
Light it up
Light it up
We're gonna
Light it up
Light it up
Tonight we're gonna light up the sky

We're gonna
Light it up
Light it up
Light it up
We're gonna
Light it up
Light it up
Tonight we're gonna light up the sky

This is your pimped out bar mitzvah
This is your red carpet snapping pictures
So if you're out there and you're having fun
Then act like you don't really give a-

Tonight we're gonna light up the sky
Tonight we're gonna light up the sky
So put your, put your hands up high
Tonight we're gonna light up the sky
Light up the sky

We're gonna
Light it up
Light it up
Light it up
We're gonna
Light it up
Light it up
Tonight we're gonna light up the sky
