Come here baby, tell me what you doing with him?  
I bet you'll want me once you catch up to my rhythm  
You gotta pay attention to me like a symptom  
This shit got me amped up, ritalin  
Now don't be fooled, I ball like a laker  
I wipe that smelly shit away like erasers  
And I never missed the mark like a maker  
But you know I'm from the south, yeah yer  
Maybe me standing here pisses you off  
Maybe you should be more like me, involved  
I'm going hard like the opposite of soft  
Now clap for him, applause

Maybe you just mad cause I am who you wanna be  
Maybe I'm a canvas you paint what you wanna see  
Maybe you're right, maybe I'm an asshole  
Oops, did I take it too far? Super bowl  
I'ma still grab my balls, I'm on a roll  
Yeah I'm that white boy shooting free throws  
Automatic, Kobe but 2 to go  
You need a role model, fuck it, you can play the role  
Freeze, now put your fingers up

I got a rocket in my pocket,  
Everybody on their knees  
That means I make the rules so pay attention to me  
You don't want to piss me off  
Cause I might fuck around and squeeze  
You can get you some of these nuts  
  
Cause I'm going in my own direction  
If you don't like it you can cut your tv off  
Do it at your own discretion  
And no apologies I'm on one soaking love  
Role model, a role model, a role model

I'm not a role model, I'm not a role model  
Role model, a role model, a role model  
I'm not a role model, I'm not a role model  
You need a role model, fuck it, you can play the role  
You need a role model, fuck it, you can play the role

Freeze, you think I give a damn or worry about what these suckers think of me

Baby my name is Free and I do whatever I please  
So keep it pretty, these bitches 7 inches away from me  
Or they might end up on these, nuts

Cause I'm going in my own direction  
If you don't like it you can cut your tv off  
You can view it at your own discretion  
And no apologies I'm on one soaking love  
Role model, a role model, a role model  
I'm not a role model, I'm not a role model  
Role model, a role model, a role model  
I'm not a role model, I'm not a role model

I ain't your mama, your daddy, your granny, cousin or uncle  
In fact, I don't even know you, you follow me on my Twitter  
But that don't mean that you know me  
So tell me how did you figured that I'm supposed to be bigger  
And try to handle my temper  
But if you knew me remember, the 25 of December,  
When I decided for no reason and then because [?] preacher  
And yes I'm breaking some habits, no matter how hard you push  
You can judge me or love me  
Or you can grow you some nuts

Cause I'm going in my own direction  
If you don't like it you can cut your tv off  
You can view it at your own discretion  
And no apologies I'm on one soaking love

Role model, a role model, a role model  
I'm not a role model, I'm not a role model  
Role model, a role model, a role model [X2]  
You need a role model, fuck it, you can play the role  
You need a role model, fuck it, you can play the role.
