Standing here  
I realize  
You were just like me  
Trying to make history.

But who's to judge the right from wrong?  
When our gun is down I think we'll both agree  
That violence breeds violence  
But in the end it has to be this way

I've cut my own path  
You've followed your wrath  
But maybe we're both the same  
The world's turned and so many have burned but  
nobody is to  
blame.

I'm staring across this barren wasted land.  
I feel new life will be born beneath the blood stained  
sand.
