[Intro]

It's not you, It's not me
I guess we don't fit so perfectly

[Chorus]

It's not you, It's not me
I guess we don't fit so perfectly
You can't stay, I can't breathe
There's no fixing what can't be

[Verse 1]

Well, I guess the honeymoon is over
Cause baby you don't know how to act right
I know we do this all the time girl
But I'm promising now is the last fight
We always yellin' at each other
I swear we was enemies in the past life
But the funny thing is that we vowed we was gon' get
along just last night
Now we don't always see eye to eye
But I swear girl that I try to put my pride aside
I'm a man so it's hard to hide
I just can't so you start to cry
Baby dry your eyes we both know this is for the best
Every heartbeat in my chest still screams your name
But if we don't soon end this stress
There won't be no heartbeat left, yes

[Chorus]

It's not you, It's not me
I guess we don't fit so perfectly
You can't stay, I can't breathe
There's no fixing what can't be

[Verse 2]

I never thought it would be us
Me and you were supposed to be forever babe
But reality just creeped up
I was holdin' out hope for some better days
But lately they just never come
No sunshine now it's only rain
They say love is a cruel game

Well I'm here wishin that I never played
Cause I'd of been better off
I wouldn't feel this pain if I never lost
I would of never cried never felt soft
Before you came along I was that strong
Now we here tryna figure out
If we should quit or stick around
It's different now
Cause my head's like, "Kick her out"
But my heart says one more round, wow

[Chorus x2]

It's not you, It's not me
I guess we don't fit so perfectly
You can't stay, I can't breathe
There's no fixing what can't be

[Bridge x4]

My heads tellin' me to kick her out
But my hearts says one more round
