In my eyes, closer to
Destiny revealed for you
Darkened self, sins of mine
Eyes of lies, no compromise

Time has lost you
The time enclosed your inner lies
Mind of treason
You played your life, profound my way

Enclosed to your
Your eyes wander too
A new beginning
Look at yourself

Gaze the shores of endless pain
Turn to see your guiding hand
Live this life state of thrill
Open up your mind's free will

Time has lost you
The time enclosed your inner lies
Mind of treason
You played your life profound my way

Enclosed to your
Your eyes wander too
A new beginning
Look at yourself

Realize
Learn to open up your mind
Mystify
Breathe the air surrounding you

Light to dark
You are I and I are you
And closer to
The path will open in front of you

Here you lie, here you cry
Change your step above the sky

Tokens dark, evil shell
Shut the door to your own hell

Time has lost you
The time enclosed your inner lies
Mind of treason
You played your life profound my way

Realize
Learn to open up your mind
Mystify
Breathe the air surrounding you

Light to dark
You are I and I are you
And closer to
The path will open in front of you
